The Alliance québécoise des techniciens et des techniciennes de l'image et du son (AQTIS) 514 IATSE represents 8,000 freelance professionals in more than 200 trades related to the design, planning, setup, execution and postproduction of audiovisual productions. It supports the professional success of technicians, helps its members use their talent and passion to best advantage, and promotes the growth of Quebec's film and TV industry, at home and abroad.

Welcome to your union!

1. Permittee status

A permittee is a person who is not a member of the union and must pay a fee for a work permit in order to work on an AQTIS 514 IATSE production. The fee is deducted from the permittee's pay.

- For a production under the AQTIS-AQPM agreement, the cost of the permit is 7.5%, over and above the other deductions ([see the table](#)).
- For a U.S. production, a total of 12.5% is deducted. There is no deduction for the group insurance and RSP plans.

2. Permittee's responsibilities

If you are a permittee and plan to continue working in the film and television industry, it is more advantageous to become a member, so you don't have to pay for the work permits, which are non-refundable.

As a permittee, it is up to you to contact AQTIS 514 IATSE to find out about your options going forward.
